## EXPERIENCE

### **Fujifilm de México, S.A. de C.V., Mexico City, Mexico**

*Finance and Treasury Manager* 2005 – 2009

- Led a three member team to design and update all treasury processes:
  - Daily and weekly payments as well as accounts receivable processes made more efficient.
  - Managed and designed user access control to online banking systems.
- Led and developed a strategy for hedging risk in the MXN/USD currency market as well as finding investment opportunities for excess cash flow:
  - Worked with board of directors to recommend hedging needs and risk profile.
  - Worked with foreign exchange traders within banks to develop a hedging strategy aligned with the requirements approved by the board of directors.
  - Identified and engaged investment opportunities to generate greater returns (ranging from 3% to 15% above market rates) while minimizing risk: Dual Currency Deposits and Structured Notes.
- Managed relationship with main banks in Mexico: Citibank-Banamex, Scotiabank, BBVA Bancomer:
  - Negotiated reduction of commissions and fees, principally for online banking and Letters of Credit (largest operational line of credit in the company USD \$35 million).
  - Searched and implemented new banking products or services that fit business needs.
- Developed a software solution to manage the accounts payable process of three subsidiaries. Integrating payment layouts with online bank systems and reducing the time for preparing weekly payments from hours to minutes.
- Managed relationship and administrative issues with our foreign suppliers located mainly in Japan and USA.
- Member of internal credit board responsible for analyzing and setting credit policies as well as authorizing credit limits to our customers and distributors.
